## UPDATE: Academic Review Day - Thursday 14 July

As you are aware the Academic review interviews will have more emphasis on student participation.

Form teachers and class teachers are providing feedback and/or samples of work. To assist with the process please take a few minutes to think about the questions that you would like to ask at the upcoming Academic Review Day.

In terms of their progress at school they could be:

- What is going well?
- What concerns do you have?
- What specific information do you need to know?
- What can I do to help?
- What future goals could be set?

We look forward to seeing you, with your child, next Thursday. Students are required to attend the interviews for the following reasons:

- the student has to present his/her academic progress to the parent/s. This is a vital part of the process and differs from what we did in 2010.
- this constitutes the student's school attendance on this day.

Thank you for your assistance and support.

## Reports

Reports are being posted today and on Friday to allow you to discuss this with your child, in preparation for the interview scheduled for the Academic Review day. Confirmation of the time of this interview will be included in the envelope. Please ring David Mallinder if for some reason an interview time has not been set up for you yet.
